

BUILDINGS AND GROUNDS MANAGEMENT

The School Committees most important function is to provide for the education of children, and they recognize that the education of children is dependent upon many factors, including a proper physical environment that is safe, clean, sanitary, and as comfortable and convenient as the facilities will permit or the use requires.

The supervision over the care and safekeeping of property used by the school department will be the general responsibility of the Superintendent. He/she will work with member communities, as necessary, to develop a comprehensive and well-defined plan for the proper maintenance, cleanliness, and safekeeping of all school buildings and grounds to ensure that the school is equally well maintained, equipped, and staffed.

The Superintendent will establish procedures and employ such means as may be necessary to provide accurate information in regard to the nature, condition, location, and value of all property used by the school department; to safeguard the property against loss, damage, or undue depreciation; to recover and restore to usefulness any property that may be lost, stolen or damaged; and to do all things necessary to ensure the proper maintenance, cleanliness, and safekeeping of school property.

Within the school, the designated administrator will be responsible for proper care, maintenance, and cleanliness of building, equipment and grounds.
