

CURRICULUM ADOPTION

The School Committees will rely on the Districts' staff to design and implement instructional programs and courses of study that will forward the educational goals of the school system.

The Superintendent will have authority to approve new programs and courses of study after they have been thoroughly studied and found to support educational goals. The Committees wish to be informed of all new courses and substantive revisions in curriculum. They will receive reports on changes under consideration. Acceptance of these reports, including a listing of the high school program of studies, will constitute its adoption of the curriculum for official purposes.
