October 3, 2011

It is my pleasure to inform you of the continuing permanent and endowed scholarship to Hamilton College. Graduating seniors with financial need from Acton-Boxborough Regional High School will be given first consideration for support from this fund.

The first scholarship was awarded to an A-B graduate from the Class of 2011. The scholarship will meet in full the financial needs of the chosen scholar for four years. In addition, the Steinberg-Lalli Charitable Foundation will award to the Scholar a cash stipend of $2,500.00 to be used to support an independent study or travel project approved by Hamilton.

I encourage you to review Hamilton’s web site, visit Hamilton, and speak with the Admissions Department. I am also enclosing a brochure about Hamilton.

Hamilton is one of the few colleges in the United States that maintains a “need-blind” admission policy. “Need-blind” means that when applicants are considered for admission, their financial needs and resources are not factors in deciding whether an applicant is to be admitted. Once admitted, the financial needs of all students are met by Hamilton. Hamilton meets the full demonstrated need of every student it accepts.

Therefore, even if you are not selected as a Steinberg-Lalli Scholar, your demonstrated financial need will be met if you are accepted for admission. For this reason, if you have interest in Hamilton, I urge you to apply.

By applying to Hamilton, you will be automatically considered for the Scholarship without further applications.

Sincerely,

Stephen P. Steinberg

Stephen P. Steinberg, Trustee
The Steinberg-Lalli Charitable Foundation
